This Spring, we will continue to offer our regular program for SAT prep online via ZOOM. Classes will still be limited to 12-15 students per class. This past Summer Season, our students' scores improved a mean average of 250 points, a range of 200-350 points during the program. We also had half of our students score 1500+ on the actual SATs on the following August and October test dates.

We will also hold a seminar in the coming weeks to answer any questions you have regarding the 2021 SAT exams and our SAT Prep Program. Be sure you have subscribed to our newsletter to be notified of the seminar dates!

Please contact us soon to reserve your place, as space is limited. If you have any questions regarding your student's academic plans – SATs, AP/IB exams, grades, college plans, etc. – we are always available to help you in whatever way we can.
